Cllr. Ford advised that she and Cllr. Edwards recently obtained certificates in Emergency First Aid at work. Cllr. Andrews stressed the importance of IOSH & COSHH certification and that a member should be trained qualified in this. Cllr. Andrews advised there are implications for hiring out the council chambers as venue to other groups, and the importance of building compliance and health and safety assessments must be carried out and acted upon. Cllr. Adams-Evans asked if Cllr. Andrews would take on the role as proposed in the original motion. Cllr. Andrews advised that although he is IOSH qualified and carried out risk assessments on the Council’s buildings during the covid lockdowns, he believed that times have moved on and that the responsibility for such risk assessments should now lie with a younger member of the council. Cllr. Adams-Evans asked if Cllr. Andrews would work alongside one other councillor, to which he agreed. Cllr. Adams-Evans proposed the below amendment to the original motion, seconded by Cllr. Sharp:
